

Location: Williamsford Community Centre- 112 Salter Street, Williamsford

9:30

Welcome and Show and Share activity –Members will bring in Photos (digital or hard copy), and or actual items made from our community forests.

10:00

Stephen Hogbin's presentation on the Extraordinary Tree Challenge

Grey Sauble Conservation initiated the challenge to the public to nominate a favourite tree. There were six categories including; garden, street, parkland, farmland, forest or sacred. There are 46 nominations at this point, from which some we be selected for an exhibition at Grey Roots museum in November. The presentation will show sample photographs and quotes from the stories submitted. The nominations are eclectic, serious, funny, poignant and as a group are a poetic view of the extraordinary trees from our region.

11:00

Refreshments

11:15- 12:45
