

Sustainable Living

Clay Cob Workshop

Riverstone Retreat 233639 Concession 2 WGR, Durham

Saturday, June 3rd, 2017 8:30am to 12:00pm

This half day will focus on Sustainable building techniques specifically the use of clay and straw as a building material

Sessions Include:

- Finishing the Clay Cob playhouse.
- Participants will be lead through the preparation and application of the first mudding coat of the Clay Cob structure in this hands on workshop
- Learn how alternative techniques and materials can be used to create modern, energy efficient, low carbon and healthy building structures
